

Leadership Skills

Leadership skills are essential to students at many stages of their education, such as transition into high school or further education, move into the workplace, as such we focus on personal, team and school wide leadership.

These hands-on session guide students through age appropriate leadership skills, supporting them in understanding the opportunities to lead within their lives. Our interactive discussion based session will challenge students perceptions of leadership whilst breaking down the competencies through real life examples.

*Turning Point
Consulting*

At the completion of the workshop attendees will have discussed the meaning of leadership, positive role modelling and the aspects of a good leader in relation to society, popular personalities and school values. Students will be actively involved in assessing their own personal leadership skills whilst recognising capabilities in others.

Students will participate in various discussions, activities and group tasks to implement their learning in a positive forum.

Primary Leadership Overview

Best suited to students completing year 5 or those in year 6 our workshop will provide assessment, reflection and opportunity analysis for those attending.

1. What is leadership?
2. Positive role models & responsibility
3. Effectively working with others
4. Communicating with Confidence
5. Leadership in action

Senior Leadership Overview

Appropriate for all students seeing a leadership role within their life or school, we will challenge the concept of leadership being selective and utilise choice theory to underpin the potential for opportunities.

1. Defining leadership today
2. Personal behaviours and choices
3. Interpersonal skills for collaboration
4. Impactful communication
5. Leadership in action

Women in Leadership

Well suited to girls from years 5-12 we will provide stimulating discussion and challenge perceptions of those around women in leadership. Focusing on success and the demand for resilience in all aspects, we urge girls to work together to support one another in their lives.

"A highly interactive workshop was provided that was tailored to suit the needs of our students and students appreciated the handy tips provided that they could use practically in setting themselves up for success."

**Fran Fleeton, Principal,
Al Sadiq College**
