

Focusing on Careers, Wellbeing and Leadership education, Turning Point Consulting offers schools programs for students, staff and parents. Our professional development, networking forums, student workshops, parent events and individual consultations maximise capability through engagement. With extensive experience in education and corporate, across human resources, talent management and career coaching, Turning Point Consulting delivers programs supporting individuals in “Seeing Opportunities”.

Wellbeing

We guide both students and staff in identifying the issues around personal behaviours and mindset in promoting resilience and positive strategies for negativity, relationships and situations.

Leadership

Leadership skills are essential in building self-confidence and leadership competencies. Our leadership frameworks empower leaders to understand, assess, reflect, inspire and support others.

Careers

Supporting individuals through life's transitions from school to retirement, our personalised consultations build career capability through strengths reflection, resume writing, interview, networking skills and goal setting.

Seeing Opportunities in Individuals

turningpointconsulting.com.au

☎ 0478 570 707

We work with individuals, small and large groups, and build self-awareness through positive frameworks, as well as enhance emotional intelligence, communication, industry awareness and workplace skills. Our consultations and programs are supported by strengths-based assessment and/or motivational profiling, facilitating candid self-reflection to support positive outcomes.

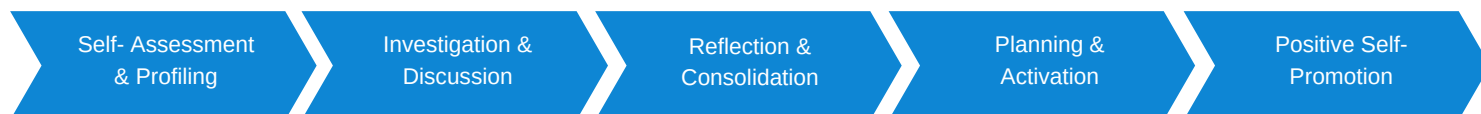

High demand programs include:

Student Career and Wellbeing Profiling

Utilising engagement-based Strengths profiling or Motivational Mapping to improve or supplement into your existing programs in careers, subject selections, student wellbeing, pastoral care or leadership programs.

Individual Consultations

Personalised and tailored consultations to support individuals and families in responding to challenges, creating focus or supporting transition from school, university or current employment. Our consultation framework is robust, encompassing consideration to activation.

Student Workshops for K-12 and beyond

Delivered face-to-face, shared as pre-recorded link with interactive components for students to complete alongside viewing recording or facilitated live via online video link platforms.

Career Tools

- Resumes & Written Applications
- LinkedIn and Online Profiling
- Interview skills (digital & face to face)
- Presentation & Appearance

Wellbeing Support

- Understanding your wellbeing
- Positive Coping Strategies
- Finding your Motivation

Profiling & Assessment

Conducted with individuals to year groups, our profiling offers comprehensive data around student preferences, strengths, styles and potential needs. Commonly completed in:

- Year 7 as transition and pastoral care tool
- Year 10 for subject selections & career planning
- Year 9 as a motivational and career tool
- Year 11 & 12 for study skills, wellbeing & careers
